

10th Edition of the Foreign Affairs Open

Tennis Championship

(16 - 24 June 2012)

PLAYERS

- The competitors are foreign diplomats posted in Bucharest and Romanian diplomats (men's/women's and double competition). Diplomats accredited in neighboring countries may also enter the competition;
- As far as the doubles competition is concerned, there is no age, sex, nationality or other constraint in the making up of the teams. All the teams will play in the same competition regardless of differences of diverse nature they may occur. For example a men team might play with a mixed team, or a women team might play with a mixed or men team;
- If you choose the doubles competition, please mention also the name of your partner who should be also a Romanian or foreign diplomat. If not, a partner will be determined according to the drawing lots, depending on the subscriptions.

REGULATIONS

- Eliminary system
- There should be at least 4 competitors enlisted for each competition (men's/women's and double competition).
- 2 sets out of 3. Tie-break in the last set.
- **If it gets dark or rains during the match so that the game is affected** either player may decide to call a halt to the match, but the match must still be completed at a later stage. Matches should resume with the least delay possible, at the score registered when the match has been stopped.

- **If a player retires injured, unwell or for any other reason**, he or she loses the match - it cannot be re-played.
- **If a player does not turn up at the agreed time, or is more than 15 minutes late**, he or she forfeits the match.
- **If a player has reasonable reasons and wants to reschedule a match** he or she must give his or her opponent a minimum of 24 hours notice. If less than 24 hours notice is given, the match may be recorded as a walkover in favour of the opponent, although it is still preferable to play the match if possible (if both players/ teams commonly agree for a reschedule and the organizers could accommodate the request). In either of these two cases, organizers have to be informed first.
- In case of withdrawal after the drawing lots, the concerned players are disqualified and the opponent/s is/are declared qualified for the next round.
- **Players may not agree to play their match AFTER the round has ended.** The player who cannot play the match when the round is scheduled will be considered forfeiting the match.
